

# THE DESPERATE NEED FOR NEW CHURCHES

Dave Earley 07/17/08

## 1. AMERICA HAS BECOME A HUGE AND IMPORTANT MISSION FIELD

- Recent research states that **there are now 195 million non-churched people in America**, making America one of the top four largest “unchurched” nations in the world.
- “The American church is in the midst of one of the largest mission fields in the world today. Only three other nations—China, India, and Indonesia—have more lost people.”<sup>1</sup> Justice Anderson
- “Essentially, **what was a churched, supposedly Christian culture has become an unchurched, post-Christian culture. People in our culture are not antichurch; they simply view the church as irrelevant to their lives.**”<sup>2</sup> Aubrey Malphurs
- In spite of the rise of mega-churches, **no county in America has a greater church population than it did ten years ago.**<sup>3</sup> Ron Sylvia
- During the last ten years, combined communicant **membership of all Protestant denominations declined by 9.5 percent (4,498,242)**, while **the national population increased by 11.4 percent (24,153,000).**<sup>4</sup> Tom Clegg

## 2. AMERICAN HAS MORE PEOPLE, BUT LESS CHURCHES

- **Each year 3,500 to 4,000 churches close their doors forever; yet only 1,100 to 1,500 new churches are started.**<sup>5</sup> Win Arn
- **Even though America has more people, it has fewer churches per capita than at any time in her history.** Although the number of churches in America has increased by 50 percent in the last century, the population has increased 300 percent.<sup>6</sup> **There are now nearly 60 percent fewer churches per 10,000 persons than in 1920.**- Bill Easum

Table 1. Number of Churches per Americans<sup>7</sup>

1920	27 churches existed for every 10,000 Americans.
1950	17 churches existed for every 10,000 Americans.
1996	11 churches existed for every 10,00 Americans.

### 3. NEW CHURCHES ADOPT NEW METHODS AND ADAPT NEW STRATEGIES FOR REACHING PEOPLE AND MINISTERING TO THEM MORE EFFECTIVELY THAN EXISTING CHURCHES

- As America moves from a Christian to a post-Christian, postmodern culture, it will become increasingly important to plant new churches to present the timeless truths of the gospel in a new and timely manner. We must put new wine in new wineskins. A new army of well trained, effectively taught church planters is essential to win back the North American continent for Christ in the twenty-first century.
- “There is not a congregation that possesses the ability and the financial resources to attract, reach, and respond to the needs of all the residents of the community.”<sup>8</sup> Lyle Schaller
- There exists a flawed understanding that the United States and Canada are already evangelized. While there is abundant access to Christian information, **many unchurched persons in North America are amazingly untouched by the evangelical subculture** because the Christian subculture is largely incapable of providing a culturally relevant gospel witness.<sup>9</sup> Ed Stezer

### 4. NEW CHURCHES ARE AMAZINGLY MORE EFFECTIVE AT REACHING LOST PEOPLE THAN EXISTING CHURCHES

- “Today, **of the approximately 350,000 churches in America, four out of five are either plateaued or declining** . . . . Many churches begin a plateau or slow decline about their fifteenth to eighteenth year. 80-85 [percent] of the churches in America are on the down-side of this cycle. **Of the 15 percent that are growing, 14 percent are growing from transfer, rather than conversion growth.**”<sup>10</sup> Win Arn,
- **In the average year, half of all existing churches will not add one new member through conversion growth.**<sup>11</sup> Ron Sylvia
- One American denomination recently found that 80 percent of its converts came to Christ in churches less than 2 years old.<sup>12</sup> Ralph Moore
- **“On a per capita basis, new churches win more people to Christ than established churches.”**<sup>13</sup> Ed Stezer
- Churches over fifteen years of age win an average of **only three people** to Christ per year for every one hundred church members. Churches three years to fifteen years old win an average of **five people** to Christ per year for every one hundred church members, but churches under three years of age win an average of **ten people** to Christ per year for every one hundred church members.<sup>14</sup> Brian McNichol
- **“The single most effective evangelistic methodology under heaven is planting new churches.”**<sup>15</sup> Peter Wagner

**THEREFORE, WE MUST PLANT MORE NEW CHURCHES!**
